THE MOST UNIQUE MEETING LOCATION

We are happy to help you determine the best setup for your event.
What is the goal of the meeting: a formal setting or more of an informal atmosphere?

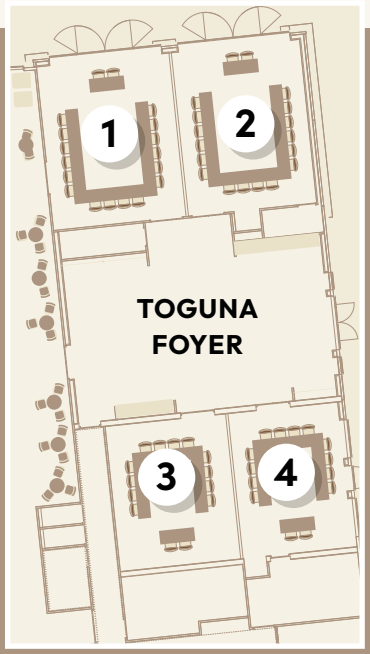

Starting the morning with a plenary session? No problem – we can connect rooms to create a larger theater-style setup. Prefer breakout sessions in different workshop rooms after lunch? Our many rooms offer plenty of space and possibilities for any program. In addition to our meeting rooms, we offer other options for breakout spaces, such as our restaurants and group lodges. Organising a larger event? A full buy-out of our hotel or central building is also possible. We are happy to work with you to ensure the spaces perfectly match your event!
