

# Moto

See, smell, taste and experience safari like never before.

## Dining on the Serengeti savannah

Welcome to restaurant Moto, where the fire is always burning and delicious smells from the kitchen greet you. Moto is the African word for fire. Take a seat by the crackling fire and discover the beautiful views of the vast Serengeti savannah while the chefs surprise you with specialities from the grill.

As the fire slowly heats up and the smoke rises, you can relax and reflect back on the day's adventures. The chefs are passionate about preparing the tastiest dishes, from succulent meat dishes to grilled vegetables and authentic African specialities.

Indulge your taste buds, enjoy the sunset on the savannah and chat about the day's adventures.

See, smell, taste and experience safari like never before.

At Beekse Bergen we show you, and let you experience, the beauty of nature. In order to protect that nature, we try to make as many aspects of our parks as sustainable as possible. That is why a number of sustainable products are available in our restaurant, such as organic and Fairtrade products and products with the 'Beter Leven' (Better Life) quality label. Safari Resort Beekse Bergen has obtained the highest achievable Green Key Gold certificate. This is the leading (international) eco-label for sustainable companies.
